Bespoke Course Webinar for Medical Professionals

In association with

Shropshire, Telford & Wrekin
Primary Care Training Hub

'Hot Topics' GP Update Autumn/Winter 2022 Live Webinar – New Content!

Saturday 15th October 2022 9:30am – 1:00pm

NB Medical is delighted to be working with Shropshire Telford & Wrekin Training Hub to provide you with a LIVE, fully interactive, Hot Topics GP Update Autumn/Winter 2022 webinar on Saturday 15th October 2022. Experience all of the same topics and resources as if you were attending a face to face course, but from the comfort of your own home.

Due to COVID-19 we have had to adapt to changes in how we work and how we learn. Therefore we are delighted to be presenting you with the Hot Topics GP Update online learning experience, where you can view the same presentations as you would on a face to face course from the comfort of your own home or surgery.

You will also be presented with a certificate of completion awarding 3 CPD points for attending this course.

For more information please contact: Tel: (0191) 5197293 Website: www.nbmedical.com

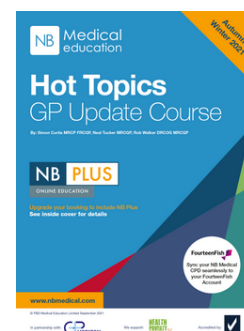

COURSE INFORMATION

OVERVIEW

The “Hot Topics” course consists of a series of short ‘TED-style’ engaging presentations blending evidence and cases, followed by discussion which may have an impact on your practice. The course comes with a number of extra resources to give it incredible ‘added value’

COURSE REFERENCE BOOK

Your course reference book will be posted to your address. The book is fully referenced with recent summaries of the evidence for approximately 150 clinical Hot Topics commonly seen in primary care. Most of our delegates use this every day, like they use the BNF. All of the material is up to date and the material is completely 100% independent from any external influence.

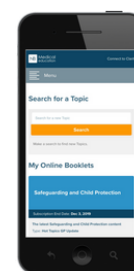

ONLINE CONTENT

12 months access to the on-line electronic version of the book which is instantly searchable. All the original references and resources for GPs (e.g. links to on-line clinical calculators) and patients (e.g. patient information leaflets) are hyperlinked and just one click away.

NB MEDICAL APP

The NB Medical App giving you access to the content from your course day in a fully searchable mobile friendly format on both iOS and Android devices.

UPGRADE TO INCLUDE NB PLUS

You can upgrade your order to include **NB PLUS**

NB PLUS includes:-

- **All** current NB Medical Course Webinars
- **PLUS** NB Learning CPD Modules
- **PLUS** Safeguarding and Child Protection Update
- **PLUS** Online Basic Life Support

You don't need to go anywhere else for your annual CPD
