

**SHAWBIRCH MEDICAL CENTRE,
SHROPSHIRE**

SALARIED GP VACANCY

Shawbirch Medical Centre has an exciting opportunity for a Salaried GP to join our friendly, hardworking and patient focused practice. We have recently moved into our new purpose built medical centre and are currently in the process of developing our Healthy Lifestyle Hub.

An enthusiastic training practice aiming to provide traditional family doctoring, we value personal and professional development and see it as essential to job satisfaction. We serve a population of 14,000 + in a suburban area of North Telford, a thriving new town set in beautiful Shropshire with nationally rated schools.

We are interested in applicants at any stage of their GP career, including straight from VTS training. We provide mentoring and support to new GPs, and have the experience to provide this. There are also opportunities to develop areas of specialist interest. We are flexible regarding the number of sessions per week.

About you:

- A desire to work as part of a supportive, enthusiastic team of healthcare professionals
- A willingness to participate in GP meetings and take an interest in the development of the practice

About the Practice:

GMS Practice with over 14,300 patients

Five GP partners, one ANP Partner, four Salaried GPs, two Registrars

Extensive nursing team including Advanced Nurse Practitioners

Achieve high QOF standards

Emis Web and Docman 10 software

Skilled worker Visa sponsorship

Part of the Newport and Central PCN with various ARRS staff

Informal visits / telephone conversations welcome.
