

**Station Drive Surgery
Ludlow
SY82AB**

Due to retirement, we are looking for a salaried GP to join us with a view to Partnership. Station Drive Surgery is a rural general practice with 3 GP partners. Our list size is just under 9,000, comprising a mixture of town and country patients with a wide socioeconomic background.

- Our practice is fully refurbished, offers all GMS services and we employ additional roles, including two senior counsellors;
- We are a training practice with both Keele University Medical Students and GP Registrar Teaching;
- We work closely with our Community Hospital; our responsibilities include providing medical cover for a twenty-bed In-patient ward and the Minor Injury Unit. The hospital also provides a range of outpatient services;
- The practice has an excellent reputation both locally and within the primary care sector and NHS England;
- Good CQC rating and high QOF achievement.

As a partnership we value and take great pride in the team here, being mindful of people's personal circumstances. We would be happy to accommodate staggered surgery hours, block holidays over the summer period and consider any other working arrangements that may help in attracting new team members. We are offering £11,500 per session.

Ludlow has a deserved reputation as one of the most attractive Towns in the UK. It is a thriving market town - an architectural gem with a lively community feel. Ludlow hosts many events and festivals throughout the year and has acquired an excellent reputation for food & drink. Ludlow also offers walking and cycling opportunities right on its doorstep.

We are happy to answer any further questions you may have. If you are interested in visiting us and seeing what the job may entail, please contact the surgery at management.stationdrive@nhs.net

If you would like to apply, please email your CV to the above email address.
